cost**
of a laser
printer.”

STARTER SET INCLUDES:

- Brand New Ricoh SP C430DN Printer
- 120 grams each **CYAN**, **YELLOW**, **MAGENTA**, & **BLACK**
- **\$2,490**

Be one of the first 10
customers to order a Starter
Set, and get it for **only \$2,190**.
That's a savings of \$300.

**SUPER SIMPLE
ENVIRONMENTALLY FRIENDLY
CARTRIDGE-FREE REFILLS**

50 Grams \$199 100 Grams \$389

Need more? Call for pricing.

High Yield—Low Cost

Print approximately **2,500** images like this frog
(4" x 6") using only 100 grams of toner.

That comes out to less than 16¢ each.

Helpful Information

Refills	<ul style="list-style-type: none"> • After your first set of cartridges, there are no others to buy. However, after <i>20,000 pages</i>, you will need to replace the drum unit. • Refill toner is sold in bulk. Refilling your cartridges is as easy as pouring a soft drink. • The refill bottles use a lot less plastic than cartridges and are recyclable. They also weigh less, reducing the cost of shipping. • It is easy to determine if you are running low. Open the printer and you can actually <i>see</i> how much toner is left in the cartridge. No more rush orders!
Toner Information	<ul style="list-style-type: none"> • Print approximately 2,500 4" x 6" full-color images using only 100 grams of toner. • Use <u>all</u> of the toner you paid for. No more unusable toner left in the cartridge.
Transfers	<ul style="list-style-type: none"> • Your transfers will print in full COLOR. No more guesswork!
Speed	<ul style="list-style-type: none"> • 200 pages of 4" x 6" full-color images are printed in about 2 minutes, 30 seconds. That is less than 1 second each! • Warm up time is less than 50 seconds.
How are the colors? How good is the image quality?	<ul style="list-style-type: none"> • Comparable to inkjet sublimation. Contact us for complimentary samples. • Up to 1200 dpi
Paper	<ul style="list-style-type: none"> • You can use letter (8½" x 11") or legal (8½" x 14") size. • We recommend Text Print R paper. It is \$17/100 sheets. • Laser copy paper works well also. • Ink jet paper is NOT recommended. It may damage your printer.
Metal	<ul style="list-style-type: none"> • We recommend DynaSub. Other brands of sublimation metal <i>may</i> work. • White is best for color photographs.
Is there backgrounding on white substrates?	<ul style="list-style-type: none"> • Yes, but it is very minimal compared to older laser sublimation systems.
Clean Up	<ul style="list-style-type: none"> • There is none! You <i>must</i> press through the protective plastic coating. Let it cool down for 5-10 seconds and then peel off the paper transfer. The plastic coating comes off with it.
Besides metal, what else can I sublimate on?	<ul style="list-style-type: none"> • Polyester fabrics have produced excellent results.
Can I use this printer for normal office printing?	<ul style="list-style-type: none"> • No. Regular office toner will contaminate this sublimation printer and adversely affect your subsequent sublimation transfers.
How long does it take? How hot should my heat press be?	<ul style="list-style-type: none"> • We recommend 425 degrees Fahrenheit for 25-30 seconds for DynaSub metal.
21st Century Technology	<ul style="list-style-type: none"> • Supports Windows 2000, XP, Vista, 7. Supports Mac OS 8.6 or later. • USB connectivity. (Parallel connectivity is an available <i>option</i>.) 600 MHz CPU. 384 MB RAM.
Shipping	<ul style="list-style-type: none"> • Please allow 3 weeks for delivery. This gives us the time necessary to order your printer, install the sublimation cartridges, and install the required software. • The ship weight is 145 pounds. UPS Freight rates range from \$120 —\$175 depending on where in the continental US you are located. • We <i>can</i> ship to Alaska, Hawaii, and internationally.
